## IT'S A BIG DEAL!

Your donations make a big difference for children and young people living with cancer.

It's a big deal in the provinces and rural communities like Hawke's Bay where cancer treatment requires travel to Auckland or Christchurch creating significant disruption and stress to families.

It often means long periods of disconnection from friends, school and families.

The wrap around support provided by Child Cancer Foundation and CanTeen is special and unique.

It's a big deal for the wellbeing of patients, siblings and families including children of adult cancer patients.

WILL YOU HELP ENSURE NO FAMILY FACES CANCER ALONE?
